TCalc Online Financial Calculators  
Product Option Implementations

# Product Option Implementations Overview

- There are many enhancements that can easily be added to your TCalc financial calculators at no additional charge to you.
- This slideshow will demonstrate the steps involved in adding these options by walking you through the process of setting up an email to friend button.

# How To Add An “Email To Friend” Button

# How To Add An “Email To Friend” Button

- This enhancement to your TCalc financial calculators can be accomplished in four easy steps.
  1. Locate appropriate code snippet
  2. Decide where you want the button located
  3. Copy and paste code snippet
  4. Click refresh and go live

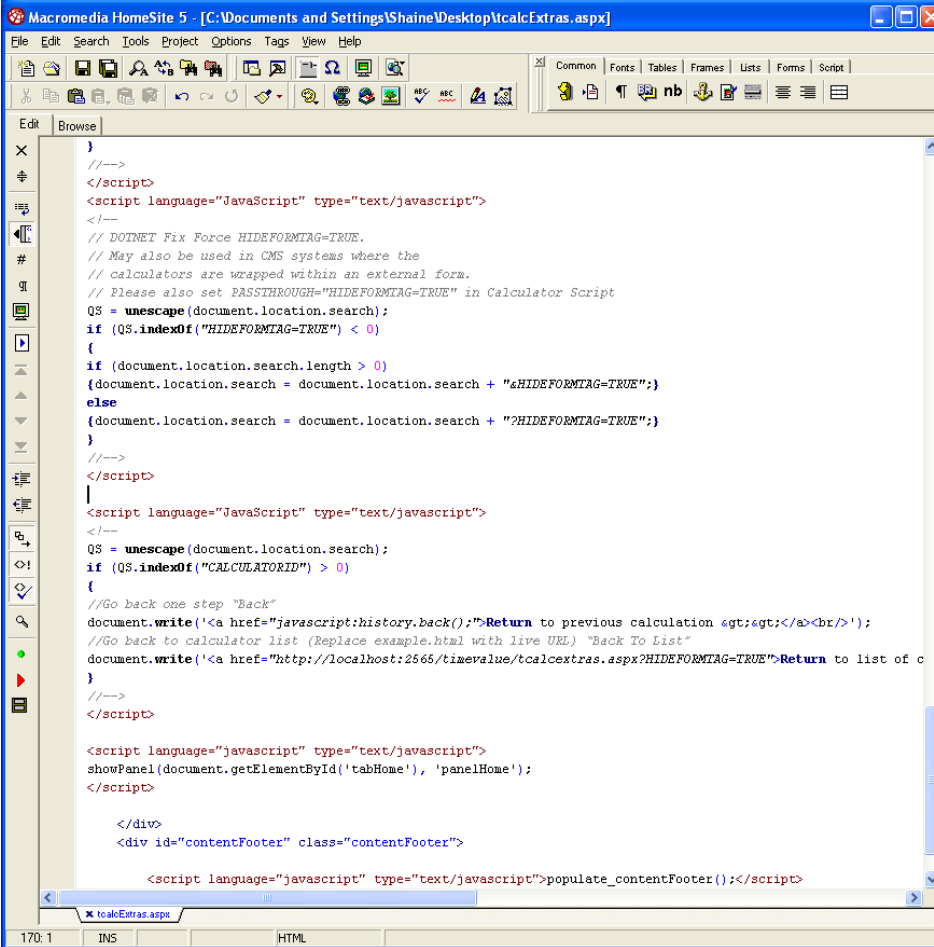

# Locate Appropriate Code Snippet Provided at Set Up

## Email This Calculation to a Friend

### Code:

```
<script language="JavaScript" type="text/javascript">
  <!--
    var subject = "financial calculation";
    var body = "Hello,%0ATake a look at this calculation
online.%0AVisit " + document.location.href;
    var linktext = "Email this to a friend >>";
    document.write('<a href="mailto:?subject=' + subject + '&body=' +
body + "">' + linktext + '</a>');
  //-->
</script>
```

# Decide Where You want the Button Located on Your Calculator Page
