

TValue™ 6 **NEW**

Amortization Software for Windows

**THE ACCURACY
STANDARD REBORN!**
EVERYTHING YOU'VE
ALWAYS LOVED ABOUT
TVALUE, ONLY BETTER

The next generation of TValue reaches even higher levels of usefulness and flexibility. No matter how simple or how complex your time value of money calculation, TValue 6 lets you explore new levels of capability and ease-of-use. You'll be challenged to find a calculation it can't handle!

Increased Accessibility to Commands and Features

- Navigate faster with common commands accessible through the new ribbon interface
- Use the new Memo field to record notes such as check numbers, late fees, taxes, etc.
- Display loan charges such as points and fees prominently on each cash flow line
- Automatically calculate prepaid interest days with new interactive calendar
- Restore unknowns with a single-click for faster "what-if" calculations
- Display payment details for interest only and stepped payments on each cash flow line
- Manage expanding and sorting of cash flows per line or overall
- Conveniently determine balance dates and amounts

How Could It Get Even Easier?

- Quickly craft cash flow data from a few simple inputs with new, easy input guides. Great starting point for new users!
- Instantly modify payment dates with new pop-up calendar

- Easily select the event group to suit your calculation – from lease to loan to investment and more
- Control the scope of Undo and Redo commands for virtually all actions
- Copy information to and from Excel
- Automatically determine the number of monthly or weekly payments in a given number of years

Expand the Boundaries of Your Calculations

- Control the month end default date for payments falling on the 28th, 29th and 30th of a month
- Produce calculations using 30/360
- Calculate APR for much higher interest rates
- Solve for up to 4,000 payments

Expanded Reporting Capabilities

- Instantly export amortization schedules to PDF, Microsoft Excel or Word, CSV, and XML
- See a live display of layout and option changes on the amortization schedule
- Display notes about taxes, insurance, check numbers, and other memos
- Show monthly totals on the amortization schedule for weekly payment series
- Enhanced reporting of Rule of 78 when rounding is present
- Include even more custom event names on the amortization schedule
- Control the appearance of events on the amortization schedule by name or by number

And the List of Features Goes On

- Easily detect negative amounts now displayed in red
- Copy Points and Fees between documents
- Copy Special Series between documents
- Enjoy improved error handling
- Avoid unsuitable options or inputs with intuitive governing of entries
- Follow the guidance of convenient balloon help
- Utilize expanded range of dates from 1/1/1600 to 1/1/2400
- Send TValue 6 files or your amortization schedules in a PDF directly from the software through your email program
- Full support for Windows 7, Windows 8, and Windows 10

"I think this is the best TValue update yet. I appreciate the modern, clean look of the amortization schedule and having a variety of options to meet every need." - Michelle S., CFO
